Cherohala Skyway

The **Cherohala Skyway** was completed in the fall of 1996 after being under construction for some thirty-four years. It is North Carolina's most expensive highway carrying a pricetag of \$100,000,000. Winding up and over 5,400 foot mountains for 15 miles in North Carolina and descending another 21 miles into the deeply forested backcountry of Tennessee. The road crosses through the Cherokee and Nantahala National Forests thus the name "**Chero...hala**".
